Stoma Care Products

About Lucent Med

Lucent Med is a proudly South African medical and surgical supply company dedicated to delivering world-class healthcare solutions across Africa and beyond. Our product portfolio spans the full spectrum of patient care, ranging from surgical drapes and gowns to advanced instruments, fluid control systems, and everyday medical essentials.

Rooted in clinical precision and operational excellence, we supply public hospitals, private healthcare groups, and specialist clinics with reliable, high-quality products that meet the most stringent international standards.

Surgical Drapes & Gowns

Lucent Med offers a premium range of surgical drapes and gowns designed for maximum protection, comfort, and fluid resistance in all types of surgical settings. Our products are manufactured in ISO 13485 and CE-certified facilities and tested to meet international standards of safety and sterility. All drapes and gowns are single-use, sterile, and come in a variety of materials and configurations to suit specific procedures.

Surgical Gowns

| Product Name | Code | Material / Level | Size Range | Packaging | Sterile |
|----------------------------|----------|---|------------|----------------|---------|
| Reinforced Surgical Gown | LM-G1001 | SMS + PE laminate, AAMI Level 4 | M – XL | 1 pc/pouch | Yes |
| Standard Surgical Gown | LM-G1002 | SMS, breathable, AAMI Level 3 | S – XXL | 1 pc/pouch | Yes |
| Ultra-Protective Gown | LM-G1003 | Spunlace fabric with extra reinforced sleeves | L – XXL | 1 pc/pouch | Yes |
| Patient Gown (Non-Sterile) | LM-G1004 | Lightweight SMS, open-back | Universal | 10 pcs/polybag | No |

Surgical Drapes

| Product Name | Code | Description | Size | Packaging | Sterile |
|--------------------------------|----------|--|--------------|------------|---------|
| Split Drape with Adhesive | LM-D2001 | Fenestrated center, fluid collection pouch | 150 x 240 cm | 1 pc/pouch | Yes |
| Extremity Drape | LM-D2005 | Designed for orthopedic and limb procedures | 120 x 200 cm | 1 pc/pouch | Yes |
| U-Drape | LM-D2009 | U-shaped cut, fluid-impermeable, adhesive border | 200 x 300 cm | 1 pc/pouch | Yes |
| Laparoscopic Drape | LM-D2010 | Reinforced with camera port access | 180 x 320 cm | 1 pc/pouch | Yes |
| Eye Drape with Aperture | LM-D2012 | Transparent window, fluid control strip | 75 x 90 cm | 1 pc/pouch | Yes |
| Table Cover / Instrument Drape | LM-A3003 | Absorbent top layer, fluid barrier underside | 140 x 190 cm | 1 pc/pouch | Yes |

Surgical Procedure Packs

Lucent Med's Surgical Procedure Packs are pre-assembled sterile kits tailored to specific surgeries and clinical workflows. Designed to reduce setup time, improve compliance, and minimize infection risk, each pack combines drapes, gowns, and consumables in one easy-to-use sterile unit.

Customizable according to hospital preference, all packs are CE-certified and assembled in ISO 13485-compliant cleanrooms.

Standard Packs

| Procedure Pack | Code | Key Contents | Packaging | Sterile |
|------------------------|-----------|--|-----------------------|---------|
| C-Section Pack | LM-PK1001 | C-section drape, baby blanket, 2 gowns, | 1 pack / sterile wrap | Yes |
| General Surgery Pack | LM-PK1002 | Reinforced gown, split drape, back table | 1 pack / sterile wrap | Yes |
| Laparoscopy Pack | LM-PK1003 | Trolley cover, camera drape, laparoscopic | 1 pack / sterile wrap | Yes |
| ENT Pack | LM-PK1004 | Head drape, absorbent towel, reinforced | 1 pack / sterile wrap | Yes |
| Gynae Examination Pack | LM-PK1005 | Leg drape, gloves, gauze swabs, | 1 pack / sterile wrap | Yes |
| Minor Surgery Pack | LM-PK1006 | Tray cover, small split drape, forceps, gauze, prep sponge | 1 pack / sterile wrap | Yes |

Customization Options

Lucent Med offers OEM and hospital-branded packs tailored to surgical department protocols.

Custom packs can include:

- Specific gown sizes
- Procedure-specific drapes
- Surgical blades, needles, syringes
- Wound dressings, gloves, prep materials
- Language- and barcode-optimized labeling

Surgical Instruments

Reusable and Single-Use

Lucent Med supplies a full range of high-precision surgical instruments engineered for durability, sharpness, and ease of sterilization. Our instruments are available in both reusable (stainless steel) and single-use sterile formats, with options to suit general surgery, gynecology, orthopedics, ENT, and minor procedures.

All instruments are manufactured under ISO 13485 standards and conform to CE and FDA quality benchmarks.

General Surgical Instruments

| Instrument | Code | Type | Size/Details | Material | Sterile |
|------------------------------|-----------|------------|-------------------|------------------|---------|
| Mayo Scissors (Straight) | LM-IN1001 | Reusable | 14 cm | German SS | No |
| Metzenbaum Scissors (Curved) | LM-IN1002 | Reusable | 18 cm | German SS | No |
| Halstead Mosquito Forceps | LM-IN1003 | Reusable | 12.5 cm, Straight | German SS | No |
| Adson Tissue Forceps | LM-IN1004 | Single-use | 1:2 teeth, 12 cm | SS + ABS Plastic | Yes |
| Scalpel Handle No. 3 | LM-IN1005 | Reusable | Fits blade 10–15 | German SS | No |
| Needle Holder Mayo-Hegar | LM-IN1006 | Reusable | 20 cm, box lock | German SS | No |

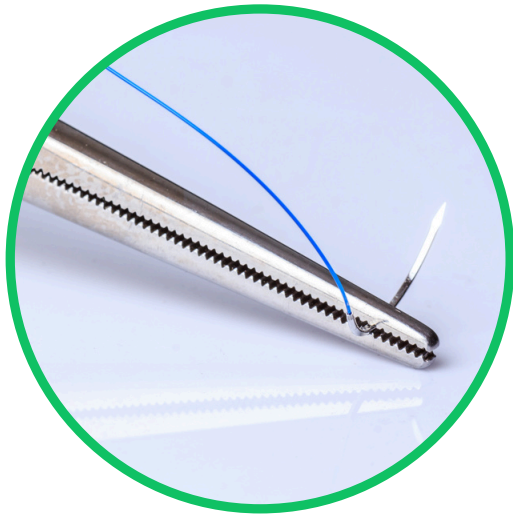

Laparoscopic & Specialty Instruments

| Instrument | Code | Type | Diameter / Length | Features | Sterile |
|-----------------------|-----------|---------------------|-----------------------|----------------------------------|---------|
| Laparoscopic Grasper | LM-LS2001 | Reusable / Rotating | 5 mm x 330 mm | Insulated, ergonomic handle | No |
| Laparoscopic Scissors | LM-LS2002 | Reusable | 5 mm x 330 mm | Curved, insert replaceable | No |
| Trocar with Cannula | LM-LS2003 | Single-use | 10 mm, bladed | Snap-lock valve | Yes |
| Veress Needle | LM-LS2004 | Single-use | 120 mm, spring-loaded | For CO ₂ insufflation | Yes |

ENT, Minor, and OB/GYN Instruments

| Instrument | Code | Use Case | Notes |
|--------------------------|-----------|---------------|---------------------------------|
| Auvar Vaginal Speculum | LM-GY3001 | OB/GYN | Self-retaining, stainless steel |
| Nasal Speculum (Killian) | LM-EN3002 | ENT | Reusable, medium size |
| Cusco Vaginal Speculum | LM-GY3003 | OB/GYN | Single-use, disposable, clear |
| Sponge Holding Forceps | LM-MN3004 | General/Minor | Ring handle, 25 cm |

Sutures & Wound Closure

Lucent Med provides a comprehensive range of absorbable and non-absorbable sutures, along with complementary wound closure devices to meet the demands of modern surgery. All sutures are manufactured under ISO 13485, USP standards, and carry CE certification. Available in both needle-attached and bulk formats, with packaging designed for quick identification in high-pressure settings.

Absorbable Sutures

| Suture Type | Code | Material | Absorption | Sizes | Sterile |
|----------------------------------|-----------|-------------------|------------------------|--------------|---------|
| Polyglactin 910 (Coated) | LM-ST1001 | Braided Synthetic | ~56-70 days (complete) | USP 6-0 to 1 | Yes |
| Polyglycolic Acid (PGA) | LM-ST1002 | Braided | ~90 days | USP 5-0 to 2 | Yes |
| Chromic Catgut | LM-ST1003 | Treated Natural | ~90 days | USP 4-0 to 2 | Yes |
| Poliglecaprone 25 (Monofilament) | LM-ST1004 | Synthetic | ~90-120 days | USP 6-0 to 1 | Yes |

Non-Absorbable Sutures

| Suture Type | Code | Material | Use Case | Sizes | Sterile |
|----------------------|-----------|-------------------|----------------------------|--------------|---------|
| Nylon (Monofilament) | LM-ST2001 | Polyamide | Skin closure, vascular | USP 6-0 to 2 | Yes |
| Silk | LM-ST2002 | Natural, braided | General ligature, oral | USP 6-0 to 1 | Yes |
| Polyester | LM-ST2003 | Braided synthetic | Cardiovascular, orthopedic | USP 5-0 to 2 | Yes |
| Polypropylene | LM-ST2004 | Monofilament | Long-term implantation | USP 6-0 to 2 | Yes |

Wound Closure Devices

| Device | Code | Type | Packaging | Sterile |
|-----------------------------|-----------|--------------------------|-----------------|---------|
| Skin Stapler | LM-WC3001 | Disposable, 35 staples | Blister packed | Yes |
| Staple Remover | LM-WC3002 | Reusable, scissor type | 1 pc/box | No |
| Adhesive Wound Closures | LM-WC3003 | Sterile butterfly strips | 3 sizes per box | Yes |
| Tissue Glue (Cyanoacrylate) | LM-WC3004 | Single-use ampoule | 0.5ml vial | Yes |

Infection Control & Sterilization

Effective sterilization and infection control are the backbone of any successful surgical environment. Lucent Med provides a comprehensive line of sterile barrier systems, monitoring indicators, and disinfection products to ensure maximum patient safety and operational compliance.

All products conform to ISO 11135, EN 868, and EN ISO 11607 standards for medical device sterility and performance.

Sterilization Wraps & Pouches

| Product | Code | Type | Sizes Available | Packaging | Sterile |
|----------------------------|-----------|--------------------------------|-------------------------|-----------------|---------|
| SMS Sterilization Wrap | LM-ST8001 | Spunbond Meltblown (40–63 GSM) | 45x45 cm to 120x120 cm | 50 sheets/pack | No |
| CSR Wrap | LM-ST8002 | Cellulose-poly blend | 60x60 cm to 100x100 cm | 100 sheets/pack | No |
| Self-Sealing Sterile Pouch | LM-ST8003 | Medical-grade paper + film | 90x260 mm to 300x400 mm | 200 pcs/box | No |
| Heat-Sealable Reel | LM-ST8004 | Transparent, writable strip | 5 cm to 20 cm width | 200 m/roll | No |

Sterilization Indicators

| Indicator Type | Code | Class | For Use In | Packaging |
|--------------------------|-----------|---------|---------------------------|-----------------|
| Autoclave Indicator Tape | LM-ST8101 | Class 1 | Steam sterilizers | 24mm x 50m roll |
| Chemical Indicator Strip | LM-ST8102 | Class 4 | Inside surgical packs | 250 pcs/box |
| Integrating Indicator | LM-ST8103 | Class 5 | Critical cycle monitoring | 100 pcs/box |
| Bowie-Dick Test Pack | LM-ST8104 | Class 2 | Daily vacuum testing | 1 pack/day |

Disinfectants & Hygiene

| Product | Code | Type | Application | Volume |
|----------------------------|-----------|-------------------|-------------------------------|---------------|
| Alcohol Hand Rub (70%) | LM-DI8201 | Ethanol-based | Rapid hand disinfection | 500ml / 5L |
| Surface Disinfectant Spray | LM-DI8202 | Quat-based | Operating surfaces, equipment | 500ml / 1L |
| Instrument Disinfectant | LM-DI8203 | Enzymatic cleaner | Pre-sterilization soak | 5L canister |
| Antiseptic Skin Prep (CHG) | LM-DI8204 | 2% Chlorhexidine | Pre-op skin preparation | 100ml / 500ml |

Gloves, Masks & PPE

Personal Protective Equipment

Lucent Med offers a full range of medical-grade personal protective equipment (PPE) designed to meet infection control requirements in clinical and surgical environments. Our gloves, masks, gowns, and protective apparel comply with EN 455, EN 14683, and ISO 13485 standards to safeguard healthcare personnel and patients.

Surgical & Examination Gloves

| Product | Code | Material | Type | Sizes | Sterile |
|-------------------------------------|-----------|----------------|-----------------------------|-------------|---------|
| Latex Surgical Gloves (Powder-Free) | LM-GP9001 | Natural Rubber | Anatomical, micro-textured | 6.0 – 8.5 | Yes |
| Nitrile Surgical Gloves | LM-GP9002 | Nitrile | Ambidextrous, chemo-tested | S, M, L | Yes |
| Nitrile Examination Gloves | LM-GP9003 | Nitrile | Powder-free, ambidextrous | S, M, L, XL | No |
| Latex Exam Gloves (Powder-Free) | LM-GP9004 | Natural Latex | Ambidextrous, smooth finish | S, M, L | No |
| Long-Cuff Sterile Gloves | LM-GP9005 | Nitrile | 400mm extended cuff | 7.0 – 9.0 | Yes |

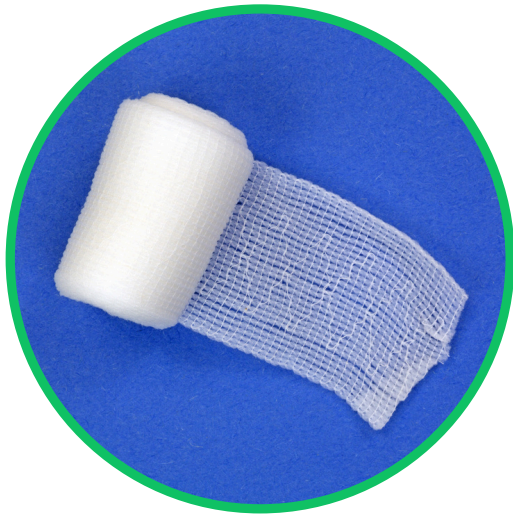

Face Masks & Respirators

| Product | Code | Type | Filtration Level | Sterile |
|-------------------------|-----------|-------------------|----------------------------|---------|
| Surgical Mask (3-Ply) | LM-MK9101 | Earloop | ≥ 98% BFE (Type IIR) | No |
| KN95 Respirator | LM-MK9102 | Earloop | ≥ 95% PFE, 5-layer | No |
| N95 Respirator | LM-MK9103 | Headband Fit | ≥ 95% PFE, fluid resistant | No |
| Pediatric Surgical Mask | LM-MK9104 | Child size, 3-Ply | ≥ 95% BFE | No |
| Surgical Mask (Tie-On) | LM-MK9105 | Tie-back | ≥ 98% BFE (Type IIR) | No |

Protective Apparel

| Product | Code | Type | Sizes | Sterile |
|--------------------------------|-----------|---------------------------|-----------|----------|
| Isolation Gown (Level 2/3) | LM-AP9201 | SMS, fluid-resistant | M – XXL | Yes / No |
| Disposable Apron | LM-AP9202 | LDPE, lightweight | Universal | No |
| Bouffant Cap (Non-Woven) | LM-AP9203 | 18" & 21", elastic edge | Universal | No |
| Beard Cover (Polypropylene) | LM-AP9204 | Double loop, breathable | Universal | No |
| Shoe Cover (Non-Skid) | LM-AP9205 | CPE, elastic-fit | Universal | No |
| Face Shield (Anti-Fog) | LM-AP9206 | PET visor + foam headband | Universal | No |

Wound Management & Dressings

Lucent Med offers a complete portfolio of advanced wound care products, from traditional gauze to modern hydroactive dressings. Each product is designed for optimal wound healing, exudate control, and patient comfort. Our solutions support chronic wound care, post-operative healing, and emergency response protocols.

All dressings are CE-certified and manufactured under ISO 13485 compliance.

Traditional Dressings

| Product | Code | Type | Size | Packaging | Sterile |
|----------------------|-----------|----------------------------|---------------------|--------------|----------|
| Gauze Swabs (8-ply) | LM-WD1001 | 100% Cotton, folded edges | 5x5 cm / 10x10 cm | 100 pcs/pack | Yes / No |
| Non-Woven Swabs | LM-WD1002 | Viscose-polyester blend | 10x10 cm | 100 pcs/pack | Yes |
| Combine Dressing Pad | LM-WD1003 | Absorbent core + non-woven | 10x20 cm / 20x40 cm | 25 pcs/box | Yes |
| Wound Contact Layer | LM-WD1004 | Non-adherent mesh | 10x10 cm | 10 pcs/box | Yes |

Advanced Dressings

| Product | Code | Type | Indication | Sterile |
|-----------------------------|-----------|-------------------------------|----------------------------------|---------|
| Hydrocolloid Dressing | LM-WD1101 | Occlusive, moisture-retentive | Light-moderate exudate wounds | Yes |
| Foam Dressing (with border) | LM-WD1102 | Absorbent polyurethane foam | Pressure ulcers, surgical wounds | Yes |
| Alginate Dressing | LM-WD1103 | Seaweed-based, gelling | Heavily exuding wounds | Yes |
| Hydrogel Sheet | LM-WD1104 | Cool, transparent gel | Burns, dry wounds, abrasions | Yes |

Fixation & Adhesive Dressings

| Product | Code | Type | Use Case | Sterile |
|---------------------------|-----------|------------------------|------------------------------|---------|
| Transparent Film Dressing | LM-WD1201 | Breathable, waterproof | IV sites, superficial wounds | Yes |
| Island Dressing | LM-WD1202 | Pad + adhesive border | Post-op or trauma wounds | Yes |
| Paper Surgical Tape | LM-WD1203 | Gentle adhesive | Fragile skin, pediatrics | No |
| PE Adhesive Tape | LM-WD1204 | Plastic, perforated | General wound fixation | No |

Suction & Fluid Management

Efficient fluid handling is critical to maintaining visibility, safety, and hygiene in surgical and emergency settings. Lucent Med offers a reliable range of suction accessories, collection systems, and fluid management devices that support clean and effective procedural workflows.

All products are sterile (where applicable), disposable, and compatible with major suction units and OR equipment.

Suction Accessories

| Product | Code | Type | Size / Specs | Sterile |
|----------------------------|-----------|---------------------------|----------------------------------|---------|
| Yankauer Suction Tip | LM-SF1101 | Rigid, bulb tip with vent | Standard (with/without tip vent) | Yes |
| Suction Tubing (PVC) | LM-SF1102 | Ribbed, kink-resistant | 3m, 5m options | Yes |
| Connecting Tube (Silicone) | LM-SF1103 | Reusable / autoclavable | 6mm ID / 10mm OD | No |
| Suction Handle | LM-SF1104 | Ergonomic, single-use | Fits standard tubing | Yes |

Canisters & Liners

| Product | Code | Type | Capacity | Sterile |
|--------------------------------|-----------|--------------------------------|-------------------|---------|
| Suction Canister (Reusable) | LM-SF1201 | Polycarbonate, graduated | 1000 ml / 2000 ml | No |
| Suction Liner (Disposable) | LM-SF1202 | Soft liner, closed system | 1000 ml / 2000 ml | Yes |
| Bacterial/Viral Filter | LM-SF1203 | Hydrophobic filter membrane | 99.99% filtration | Yes |
| Canister Holder Bracket | LM-SF1204 | Mountable, stainless | Universal fit | No |

Fluid Collection & Disposal

| Product | Code | Type | Application | Sterile |
|-----------------------------|-----------|-------------------------|-------------------------------|---------|
| Fluid Solidifier Powder | LM-SF1301 | Super absorbent polymer | Converts liquid to gel | Yes |
| Fluid Disposal Bag | LM-SF1302 | Heavy-duty, sealable | OR waste & suction disposal | No |
| Irrigation Collection Drape | LM-SF1303 | Draped suction channel | Orthopedic / high fluid cases | Yes |

Catheters & Urology

Lucent Med provides a full range of urinary catheters, drainage systems, and urological consumables designed to support acute care, long-term catheterization, and surgical urology procedures. All devices are manufactured under ISO 13485, conform to CE certification, and meet the highest standards of sterility and biocompatibility.

Foley Catheters (2-Way & 3-Way)

| Product | Code | Type | Sizes | Balloon | Sterile |
|---------------------------------|-----------|----------------------|-----------|------------|---------|
| 2-Way Foley Catheter (Latex) | LM-UR1201 | Coated, standard tip | 8Fr-26Fr | 5ml / 30ml | Yes |
| 2-Way Foley Catheter (Silicone) | LM-UR1202 | 100% Silicone | 6Fr-26Fr | 5ml / 30ml | Yes |
| 3-Way Foley Catheter | LM-UR1203 | For irrigation | 16Fr-24Fr | 30ml | Yes |
| Pediatric Foley Catheter | LM-UR1204 | 100% Silicone | 6Fr-12Fr | 3ml | Yes |

Intermittent & Specialty Catheters

| Product | Code | Type | Sizes | Packaging | Sterile |
|---------------------------|-----------|-------------------------------------|-----------|-----------------|---------|
| Nelaton Catheter (Male) | LM-UR1211 | PVC, rounded tip | 8Fr-18Fr | Individual wrap | Yes |
| Nelaton Catheter (Female) | LM-UR1212 | Shorter, smooth finish | 8Fr-16Fr | Individual wrap | Yes |
| Suprapubic Catheter | LM-UR1213 | 100% Silicone, open tip | 12Fr-22Fr | Single sterile | Yes |
| Coude Tip Catheter | LM-UR1214 | Angled tip for difficult insertions | 14Fr-20Fr | Single sterile | Yes |

Urine Collection Systems

| Product | Code | Type | Volume | Sterile |
|--------------------------------|-----------|----------------------------|----------------|---------|
| Urine Drainage Bag (T-Tap) | LM-UR1221 | Anti-reflux, graduated | 2000ml | Yes |
| Urine Drainage Bag (Push Pull) | LM-UR1222 | Slide clamp drainage | 2000ml | Yes |
| Leg Bag with Straps | LM-UR1223 | Discreet, non-return valve | 500ml / 750ml | Yes |
| Urimeter with Chamber | LM-UR1224 | High-accuracy measurement | 2000ml + 250ml | Yes |
| Night Bag (Non-Sterile) | LM-UR1225 | Basic, large-volume | 2000ml | No |

Accessories

| Product | Code | Type | Use Case |
|-----------------------------|-----------|----------------------|----------------------------|
| Catheter Securement Device | LM-UR1231 | Adhesive anchor pad | Prevents dislodgement |
| Leg Bag Straps (Adjustable) | LM-UR1232 | Reusable elastic | Comfort + mobility |
| Extension Tubing | LM-UR1233 | Universal connection | For bed to bag positioning |
| Lubricating Jelly (Sterile) | LM-UR1234 | Water-soluble gel | Catheter insertion aid |

IV Therapy & Infusion Sets

Lucent Med delivers a trusted range of IV therapy products, including infusion sets, cannulas, extension lines, and flow control accessories. Designed for precision, sterility, and patient comfort, our infusion range supports both acute and long-term therapies.

All products are manufactured in ISO 13485-certified facilities and comply with CE marking, ISO 8536, and EN standards.

Infusion & Transfusion Sets

| Product | Code | Type | Drip Rate / Filter | Sterile |
|------------------------------|-----------|--------------------------------|-----------------------------|---------|
| IV Infusion Set (Vent) | LM-IV1301 | Gravity, vented, roller clamp | 20 drops/ml, 15µm filter | Yes |
| IV Infusion Set (Non-Vented) | LM-IV1302 | For plastic bottle infusion | 20 drops/ml, 15µm filter | Yes |
| Burette Set | LM-IV1303 | With graduated chamber (100ml) | Precision paediatric dosing | Yes |
| Blood Transfusion Set | LM-IV1304 | Air-vent, Y-site, 200µm filter | 20 drops/ml | Yes |

IV Cannulas & Accessories

| Product | Code | Type | Sizes Available | Sterile |
|--------------------------------|-----------|---------------------------|--------------------------|---------|
| IV Cannula with Injection Port | LM-IV1311 | Wings + Luer Lock | 14G to 24G (color-coded) | Yes |
| Safety IV Cannula | LM-IV1312 | Retractable needle system | 18G to 24G | Yes |
| IV Catheter Fixation Dressing | LM-IV1313 | Transparent window | 6cm x 7cm | Yes |
| Heparin Cap | LM-IV1314 | Needle-free valve | Universal fit | Yes |

Extension Lines & Accessories

| Product | Code | Type | Length / Ports | Sterile |
|----------------------------|-----------|--------------------------|-----------------------------|---------|
| IV Extension Line | LM-IV1321 | Luer Lock ends | 10cm / 30cm / 100cm | Yes |
| 3-Way Stopcock | LM-IV1322 | With rotating tap | With/without extension tube | Yes |
| Flow Regulator Set | LM-IV1323 | Precision dial control | 5–250 ml/hr | Yes |
| Needle-Free Injection Port | LM-IV1324 | Pressure-activated valve | For closed IV systems | Yes |

ENT, Ophthalmic & Minor Sets

Lucent Med offers a focused selection of ENT (Ear, Nose, Throat), ophthalmic, and minor procedure sets that support outpatient interventions, day theatres, and emergency care units. Each set is designed for single-use sterility, ease of setup, and procedure-specific configuration.

These sets reduce prep time and cross-contamination risk while supporting efficient patient turnaround and clinical safety.

ENT & Minor Surgery Sets

| Set Name | Code | Contents | Sterile |
|------------------------------|-----------|---|---------|
| ENT Diagnostic Set | LM-MS1501 | Tongue depressor, nasal speculum, head mirror, | Yes |
| Ear Lavage Kit | LM-MS1502 | Ear syringe, tray, absorbent gauze, otoscope sheath | Yes |
| Minor Surgical Set (General) | LM-MS1503 | Forceps, scissors, gauze, drape, kidney tray | Yes |
| Abscess Drainage Kit | LM-MS1504 | Scalpel, gauze, dressing tray, forceps, gloves | Yes |
| Biopsy Punch Kit | LM-MS1505 | Biopsy punch, antiseptic swab, drape, bandage | Yes |

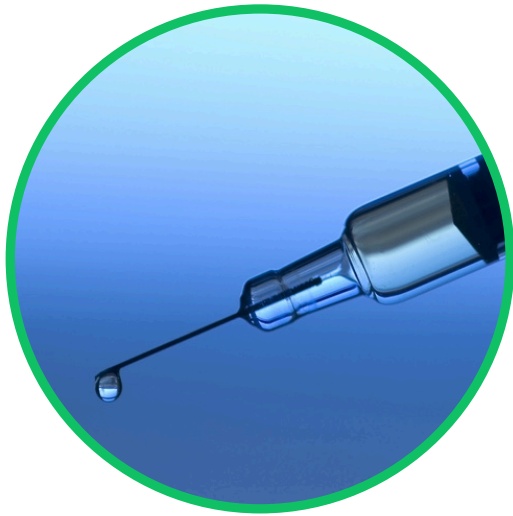

Ophthalmic Sets & Instruments

| Product / Set | Code | Use Case | Contents / Features | Sterile |
|--------------------------|-----------|---------------------------|--|---------------|
| Cataract Surgery Drape | LM-OP1510 | Intraocular procedures | Fenestrated eye drape with adhesive, fluid pouch | Yes |
| Eye Pad & Shield Set | LM-OP1511 | Post-operative protection | Cotton pad, ventilated eye shield, tape strip | Yes |
| Ophthalmic Cannula (30G) | LM-OP1512 | Intraocular irrigation | Blunt tip, Luer lock | Yes |
| Eye Speculum (Barraquer) | LM-OP1513 | Lid retraction | Stainless steel, adjustable screw | No (Reusable) |
| Ophthalmic Procedure Set | LM-OP1514 | Combined surgical use | Speculum, drape, scissors, sterile swabs | Yes |

Single Instruments (ENT / Minor Use)

| Instrument | Code | Type | Use Case | Sterile |
|--------------------------------|-----------|---------------------|------------------------------|---------|
| Nasal Speculum (Killian) | LM-EN1520 | Reusable, stainless | Nasal cavity examination | No |
| Aural Forceps (Hartmann) | LM-EN1521 | Curved, stainless | Ear wax or foreign object | No |
| Disposable Tongue Depressor | LM-EN1522 | Wooden / plastic | Throat inspection | No |
| Minor Procedure Tray | LM-EN1523 | Single-use plastic | Prep for wound management | Yes |

Consumables & Disposables

Lucent Med supplies a comprehensive line of general medical consumables and disposables designed for everyday use across wards, outpatient departments, procedure rooms, and field units. All items are manufactured for high-volume efficiency, sterility (where required), and compliance with CE and ISO 13485 standards.

Syringes & Needles

| Product | Code | Type | Sizes Available | Sterile |
|----------------------------------|-----------|---------------------------------|------------------------------|---------|
| Disposable Syringes (3-Piece) | LM-CD1701 | Luer Lock, clear barrel | 1ml, 3ml, 5ml, 10ml, 20ml | Yes |
| Safety Syringes | LM-CD1702 | Retractable needle | 3ml, 5ml, 10ml | Yes |
| Hypodermic Needles | LM-CD1703 | Thin wall, triple bevel | 18G-26G | Yes |
| Insulin Syringes | LM-CD1704 | Fixed needle, low dead space | 0.5ml, 1ml, 29G | Yes |

LUCENT MED

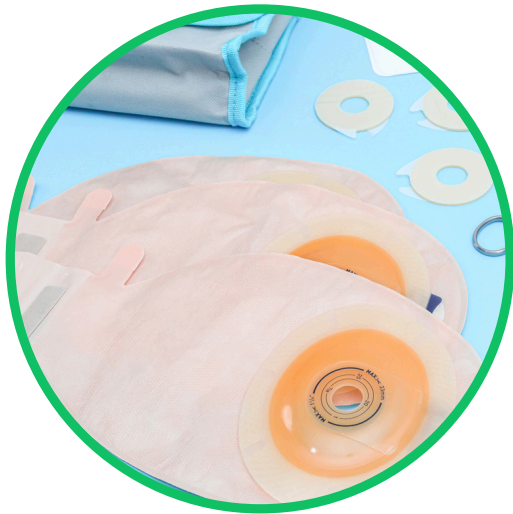

Blades, Swabs & Dressings

| Product | Code | Type | Sizes / Specs | Sterile |
|-----------------------------------|-----------|---------------------------------|---------------------------|----------|
| Surgical Blades (Carbon Steel) | LM-CD1711 | No. 10, 11, 15, 20 series | Fits handles 3 or 4 | Yes |
| Alcohol Prep Pads | LM-CD1712 | 70% Isopropyl alcohol, 2-ply | 60x30mm | Yes |
| Cotton Wool Rolls | LM-CD1713 | High-absorbency, bleached | 50g, 100g, 500g | No |
| Gauze Bandage Rolls | LM-CD1714 | 8-ply, cotton | 5cm / 10cm / 15cm x 5m | Yes / No |

Other Essentials

| Product | Code | Type | Use Case | Sterile |
|----------------------------|-----------|-------------------------------------|-------------------------------|---------|
| Wooden Tongue Depressors | LM-CD1721 | Smooth-finish, flat edge | Throat exam | No |
| Thermometer Probe Covers | LM-CD1722 | Disposable sleeve | Oral/tympanic thermometers | Yes |
| Plastic Aprons (Roll Type) | LM-CD1723 | LDPE, perforated | General hygiene | No |
| Kidney Dishes (Plastic) | LM-CD1724 | Single-use, rigid | Procedure trays | No |
| Disposable Bed Sheets | LM-CD1725 | Spunbond non-woven, fluid-resistant | 80x200 cm | No |
| Measuring Jugs / Cups | LM-CD1726 | Graduated polypropylene | Medication / fluid management | No |

Stoma Care Products

Lucent Med supports stoma patients with a focused selection of urostomy-compatible supplies that prioritize hygiene, comfort, and mobility. Designed to assist patients with colostomies, ileostomies, and urostomies, our product range ensures dependable drainage, secure fixation, and discreet daily use. All products are manufactured under ISO 13485 and conform to CE certification for patient safety and performance.

Stoma & Urostomy Solutions

| Product | Code | Description | Size/Specs | Sterile |
|--|-----------|--|-----------------|---------|
| 2-Way Foley Catheter (Silicone) | LM-UR1202 | 100% silicone, standard tip, soft and | 6Fr-26Fr | Yes |

Our Promise

At Lucent Med, we believe that excellence in healthcare should never come at a premium - unless it's in quality.

That's why we stand by our promise:
Optimum value. Premium care.

From theatre to treatment room, we deliver trust - one product at a time.

**Precision saves lives.
Reliability earns trust.
Lucent Med delivers both.**

Elevating surgical standards across every ward, clinic, and operating room.

Thank You
